# Vulcan Aerial Pointers

## *Define The Direction Your Lines Run*

The Vulcan Aerial Pointer (VAP) adds an innovative twist to the traditional aerial pointer. The directional tips easily identify the pipeline path for ground and air patrol. The VAP also makes for quick and easy recognition of the direction of multiple lines.

- **HEAVY ALUMINUM CONSTRUCTION ENSURES OUTDOOR DURABILITY AGAINST THE ELEMENTS.**
- **BRIGHT POWDER-COATED FINISH PROVIDES MAXIMUM VISIBILITY FOR GROUND AND AIR CONTROL.**
- **FITS 3 1/2" O.D. PIPE**
